Modern Language Requirement

Demonstration of competency in reading, writing, speaking, and understanding of a single modern language (in addition to English) equal to completion of the 226 level, as determined by a CCSU instructor of the language, the Chair of the Department of Modern Languages, or a CCSU faculty member designated by the Director of International Studies. The modern language should be appropriate to the geographical area and selected in consultation with the advisor.

Minor Requirement

A minor is required of International Studies majors. Students who do not meet the language requirement must take an appropriate language minor. Students who meet the language requirement without doing a language minor may select a non-language minor in consultation with the faculty advisor. For students with some language proficiency, but who do not satisfy the language requirement, additional language courses may be taken to satisfy the requirement without doing the language minor, if the student so chooses. The faculty advisor can guide the student in how best to satisfy both the minor and modern language requirements.
