

EMS EMERGENCY MEDICAL SERVICES

Central Connecticut State University does employ full time staff to coordinate EMS activities on our campus. The CCSU Fire Lieutenant in conjunction with the CCSU Police are the licensed fire responders for the entire campus. In conjunction with our Heart Safe Campus Designation with Public Access AED's we also hold public first aid, Stop the Bleed and CPR Programs.

Life Safety is the number one priority for all faculty, staff, and students. While CCSU is a large commuter University we currently also have nearly 2,500 of our students in Residence. CCSU Fire and Life Safety works with the CCSU Police Department and mutual Aid EMS Departments that assist with EMS transport.

In the event of an Emergency please dial 911. For routine issues needing urgent attention please contact the CCSU Police Department at 860-832-2375.

For More information on **EMERGENCY MEDICAL SERVICES Activities** on our Campus Please contact the CCSU Fire Lt. at fire@ccsu.edu or 860-832-2386.
