

## Second Undergraduate Major Request

This approval process will add a second major to a student's primary degree program and primary major. A student will earn one bachelor's degree with two majors. If applicable, the degree and major associated with a BSN, BFA or BS teacher education program must be listed as your primary degree and major. No minor will be required for students completing a double major. Up to twelve (12.0) credits may apply simultaneously to both majors where curricular requirements overlap or where a course substitution has been approved. This limit does not apply to the Common Business Core courses in the School of Business.
