Retention rates are measured from fall semester to fall semester as of the 3rd week official census date; graduation rates are measured based upon degree completion between Sept. 1 and Aug. 31 of the following year.

Adjusted Cohort removes students due to death or military service as allowed for graduation rate reporting to IPEDS at the sixth year and additionally at the eighth year. For this report, the university makes no adjustments to this cohort after year six. Completers in years 6 through 10 are based upon the adjusted cohort reported at the sixth year.

Data source for completions is from Banner table SHRDGMR.
