Retention rates are measured from fall semester to fall semester as of the 3rd week official census date; graduation rates are measured based upon degree completion between Sept. 1 and Aug. 31 of the following year.

Adjusted Cohort removes students due to death or military service as allowed for graduation rate reporting to IPEDS through the sixth year. The university makes no adjustments to this cohort after year six. The adjusted cohort for most recent two years may change.

Part-time, First-time Retention rates are reported annually in the IPEDS Fall Enrollment Survey.
