ACCOUNTING ANALYTICS

Official Certificate Program

Central's Official Certificate Program in Accounting Analytics is designed for today's business professionals. This graduate-level certificate is intended for individuals currently in the workforce or students looking to develop their accounting skills needed to work with "big data."

Businesses desire these skills to identify valuable financial insights, increase efficiency, and better manage risk. The program focuses on developing working professionals' skills required to succeed and advance in the competitive accounting industry.

Program Features

- Starts every January and August
- 12-credit program
- Attend part-time
- Classes offered evening on-campus and online
- No GMAT/GRE required

DID YOU KNOW?

" As the proliferation of data analytics has expanded, public accountants have found themselves in front of a unique opportunity that allows them to set themselves apart from their colleagues and future-proof their careers by developing their expertise in data analytics — an expertise that will ultimately save their clients time and money."
