

### Central to Optimizing Capital Goals.

Central's BS in Finance prepares students for professional careers with entities from individuals and organizations to corporations, financial institutions, and government agencies.

With required coursework in business and finance plus required electives in finance, students graduate with the skills necessary to evaluate all business and financial risks and returns in business decisions. Graduates may pursue careers in corporate financial management, banking, insurance, investments, financial analysis, financial planning, portfolio management, and government.

#### Program Features

- Finance faculty are PhD-trained scholars with extensive backgrounds in financial management, personal finance, and investments, both domestic and international
- Faculty's practical experience provides depth to the academic material and enriches the classroom experience
- Internship opportunities available
- Option for 5-year accelerated BS in Finance/MBA
- Financial aid and scholarships available
- Free on-campus child care available

STATE UNIVERSITY**

### Career Preparation

A major in Finance is excellent preparation for a career in banking, securities, financial planning or insurance, or in the treasury or accounting departments of any large corporation.

For those students who do not intend to become financial professionals, a strong grounding in Finance is essential preparation for any career in business, where financial considerations will inevitably play an important role.

### Clubs

The **Finance Association** is a premier academic club for those current students of Finance and Finance Alumni of Central Connecticut State University.

The goal of the Finance Association is to encourage student involvement on campus, along with giving them a perspective on the working world. They strive to educate members in the use of various investment principles, foremost being portfolio management and asset allocation.

Through utilizing top industry programs they aim to teach members a variety of useful skills both for private and professional use. In addition, guest speaking events provide students with an opportunity to network and learn about different occupations.

### DID YOU KNOW?

The Finance Department internship program allows students to blend classroom learning with valuable work experience. Interns develop a better understanding of the financial industry, create connections, and are more likely to secure job offers from the employer they intern with.

### ABOUT CENTRAL:

Central Connecticut State University is the largest university within the Connecticut State Colleges and Universities system. Founded in 1849, Central is also the state's oldest publicly funded university. Our campus is located in New Britain, Connecticut.
